

APPLICATION FORM

Name of the Applicant (Individual / organization) : _____

Type of the Applicant *

Individuals ☐

Start-ups ☐

Company ☐

Academic Institutions ☐

Research and Development
Centers ☐

Civil society
organisations ☐

Others ☐

Is your solution Proven technology or Potential Technology *

☐ Proven Technology

☐ Potential Technology

CONTACT DETAILS

Full Name : _____

Mobile Number : _____

Email : _____

Age : _____

Postal address / Residential Address : _____

City : _____

State : _____

Postal Code : _____

PLEASE SELECT THE SOLUTION AREA & SOLUTION TYPE

Solution Area

Sanitation ☐

Waste Water Management ☐

Solid Waste Management ☐

Solution Type

Innovative Toilet Design ☐

Innovative Method for
operation and maintenance of
Toilet ☐

Innovative method to reduce /
eliminate manual entry into
sewer and sewerage ☐

Solution Type

Brief Description of the Solution, showcasing potential to reduce, recycle & reuse, process enhancement, please showcase the solution etc. (500 Words) _____

Proven of Potential Solution – Please detail out if the solution is implemented anywhere commercially _____

Please provide key features of the technologies used and operational model for implementation at field level _____

Is there any existing/ similar solution available? If yes please provide details and briefly mention why your solution is better (300 words) _____

Please explain the revenue model and potential to monetize the solution

Please explain if the solution replicable and scalable

Estimated time for pilot implementation of the solution?

Is the solution developed using equipment/parts easily available in the local market?

PLEASE ENCLOSE SUPPORT DOCUMENTS OF THE SOLUTION (DIAGRAMS/ IMAGES OF WORKING MODEL OR PROTOTYPE/ RELEVANT REFERENCES)
